TAHP Statement on Commitment to Work with Gov. Abbott and State Leaders on Coronavirus Response

Statement From Texas Association of Health Plans CEO Jamie Dudensing:

“Texas health plans are committed to working closely with Gov. Greg Abbott, TDI, HHSC, and our other government partners to achieve our shared goal: protecting the health and well-being of the Texans we serve. The plans are taking action to help contain the virus, ensure people have coverage for and access to needed testing, and help patients who are infected receive the care and treatment they need.”

The Texas Association of Health Plans

The Texas Association of Health Plans (TAHP) is the statewide trade association representing private health insurers, health maintenance organizations, and other related health care entities operating in Texas. Our members provide health and supplemental benefits to Texans through employer-sponsored coverage, the individual insurance market, and public programs such as Medicare and Medicaid. TAHP advocates for public and private health care solutions that improve the affordability, access, and accountability of health care for many Texans. As the voice for health plans in Texas, TAHP strives to increase public awareness about our members' services, health care delivery benefits, and contributions to communities across Texas.
